ISSAAS-Philippines

International
Society for
Southeast
Asian
Agricultural
Sciences

About ISSAAS

The **main objective** of the Society is to encourage the holistic approach to problems and to promote the progress and development of science and technology related to agricultural sciences through research and publication, and the outcome is to be for regional agricultural development.

The Society is organized by scientists, technical experts, and other proponents of the Society's goals in the broad field of agricultural sciences, whose activities are within the Southeast Asian region.

The Society performs the following tasks in order to achieve these objectives:

- a) Publish journals and other materials;
- b) Organize lectures, seminars, workshops, training programs etc.,
- c) Provide contacts, training, promotion, and commendation for research;
- d) Contact and cooperate among internationally/ domestically related societies and institutions;
- e) Grant ISSAAS AWARD to distinguished individuals and groups;
- f) Conduct studies and develop proposals, and
- g) Perform any other functions needed to achieve any of the above objectives.

ISSAAS 2001 International Conference
October 25-26, 2001
Century Park Hotel, Manila,

ISSAAS Awards

The **ISSAAS MATSUDA AWARD** is to honor the Foundation President of the Society, Dr. Toshiro MATSUDA, and to be granted to outstanding individuals or groups whose distinguished contribution over a period of time to the advancement of agricultural sciences and agricultural development in Southeast Asia is clearly recognized.

The **ISSAAS SCIENTIFIC AWARD** is to be granted to the Society's members who have made a significant contribution to the advancement of Southeast Asian agricultural sciences.

The **DR. PRISCILLA C. SANCHEZ** award is a prestigious recognition and honor bestowed for excellence in Research and Leadership in the International Society of Southeast Asian Agricultural Sciences (ISSAAS) Philippines.

The awards mark the distinction of “excellence in leadership and research in agriculture and scientific communities” among members and affiliates of ISSAAS.

Dr. Priscilla C. Sanchez awards - Leadership Excellence, Excellence in Research, Recognition of Scientific Cooperation are given every 2 years. This was launched during the 2005 ISSAAS Convention in Tagaytay City.

The trophy, P.C. Sanchez Award is an abstraction of essence of the Society's Objective which is to promote the progress and development of science and technology related to agriculture. The twin areas of concern is depicted by two horns of knowledge side by side soaring into a gentle curve to an orbit in the space slowly but surely getting bigger and bigger. It's a twin blades of leaves from a healthy seed deep in the soil that symbolizes the essence of agriculture.

Type of Membership

1. **Full Member**– is one in complete accord with the Society's goal.
2. **Honorary Member**– is one distinguished academic accomplishment in Southeast Asian agricultural sciences or one who has served with special merit for the Society, recommended by the President to the Board of Directors and subject to approval at the General Meeting.
