Contributed Papers	Page
GIS-based suitability mapping of banana in the Philippines <i>Victorino A. Bato</i>	1
Modified kappa carrageenan as inducer of resistance in rice against bacterial leaf blight <i>Rizaldo G. Bayot, Gil L. Magsino, Jerald N. Bayot, Majella M. Magallona, Liza Lorena E. Eustaquio and Lucille V. Abad</i>	14
Arbuscular mycorrhizal fungi increased root-mycorrhizal association and enhanced seedling growth of abaca, papaya, and sugarcane <i>Edna A. Aguilar, Lance Irvin F. Elleva, Dara Maria A. Fabro, Glaisa R. Garcia, Felen A. Divina and Nelly Aggangan</i>	22
Ecological patterns of micro land snails along the altitudinal gradients of Mount Makiling, Philippines <i>Brooklyn Bernadett V. Uy, Nina M. Cadiz and Emmanuel Ryan C. de Chavez</i>	30
Fertilizer value of compost and densified fertilizers made from swine and poultry manures on crops and chemical properties of clay soil <i>Gina Villegas-Pangga and Nerissa O. Cedillo</i>	43
Operational performance and eco-efficiency of bag production from recycled and rejected tetra pack material in Ugong, Pasig City, Philippines <i>Jennifer C. Padrid, Antonio J. Alcantara and Julieta A. Delos Reyes</i>	56
The bioactivities of selected Piperaceae and Asteraceae plant extracts against brown plant hopper (<i>Nilaparvata lugens</i> Stål.) <i>Ni Siluh Putu Nuryanti, Edhi Martono, Endang Sri Ratna, Dadang</i>	70
Comparative study of morphology, morphometrics, reproductive fitness on carrot discs and pathogenicity on <i>Musa</i> genotypes of <i>Radopholus similis</i> Philippine populations <i>Marita S. Pinili, Rustico A. Zorilla, Inge Van den Bergh and Dirk De Waele</i>	79
Integrating climate change hazard analysis into value chain analysis: elevating evidences in fisheries into practice <i>Salvador P. Catelo and Paul Joseph B. Ramirez</i>	93
Establishment of cell suspension cultures of four abaca cultivars, ‘Abuab’, ‘Inosa’, ‘Parang’, and ‘Tangongon’ <i>Evalour T. Aspuria and Lorgen Z. Garcia</i>	105
Efficacy of <i>Bacillus siamensis</i> strain in managing sheath blight, enhancing grain yields and decomposing rice stubbles and straw <i>Patcharaporn Thampiban-udom, Phraomas Charoenrak, Wanwilai Intanoo and Chiradej Chamswarnng</i>	116
Growth analysis and physiological characteristics of several tomato genotypes under the low light intensity <i>Dwi P. Sunaryanti, M.A. Chozin, Sandra A. Aziz</i>	129

Contributed Papers	Page
Dynamic changes of peasant communities through social capital in the Mae Klong River Plains, Thailand <i>Rojana Nilmanon, Wannee Niamhom and Prasong Tanpichai</i>	141
Edible landscaping technology dissemination in the Philippines: An evaluation <i>Rowena P. de Guzman, Fernando C. Sanchez, Jr., Maria Charito E. Balladares, Jennica Amielle M. Mora, Ryan Rodrigo P. Tayobong, Norma G. Medina, Eliza C. Aquino.</i>	150
